Course Aims

This course will provide the practical considerations and guidelines for mental health professionals who are at the beginning stage in using sandplay therapy with clients and cases illustration will be used.

The Five Ws

What? What is Sandplay Therapy?

What kind of equipments are needed and what are the details?

What are the categories of sandplay miniatures to get?

What are main considerations in displaying sandplay miniatures?

What to do when a client is working on the tray - record keeping and holding?

What to do after a client completed the tray - photo taking and disassemble the tray?

What to do when a client flood the tray?

What to prepare for a review with clients after they completed the process?

What you need to do to become an ISST Certified Sandplay Therapist?

Where? Where can you find figurines and sand trays in shops and online?

When? When is the appropriate time to start sandplay therapy with clients?

Why? Why is it important to do personal process and when will be a good time to start?

Who? Who can you do personal process with?

Who can be the trainers and supervisors?

Who will benefit most from sandplay therapy?

How? How to introduce sandplay therapy to children/adults/parents?

How to make sense of the theoretical base of sandplay therapy?

How to understand what the clients has done in the sand tray?

Facilitator

Ruby, K.S. Mui, Psy.D., Clinical Psychologist

Dr. Mui is an experienced therapist specialised in working with children who have special education needs as well as attachment related issues. Currently she is in private practice mainly working with children with SEN and their families. She also works with adoptive families and adults who suffered from emotional problems. Moreover, she regularly teaches attachment related issues to parents and mental health professionals. She has started to use sandplay therapy in her treatment with clients since 2004. Dr. Mui is a current HKSTA Committee Member.
